You need to read this PDS and our Premium and Excess Guide for more details on the premium and how it is determined.

## About your premium

### Generally

The amount you pay us for your insurance is your premium. This is the amount we determine that reflects the likelihood of you making a claim, together with other factors related to our cost of doing business. It includes GST and amounts in relation to any other government taxes and charges that apply. A change to your Policy details could mean a change to your premium too.

If you do not pay the full amount of your premium, we may cancel your Policy.

Where a payment is overdue by more than 14 days:

- And you make a claim on your Policy, we may refuse to pay your claim.
- We may cancel your Policy and refuse to pay your claim.

### Premium and Excess Guide

The Premium and Excess Guide, provides important information on key things you need to know about your premium including factors we consider in determining your premium, what your premium payments comprise and when they are payable, what we can do in relation to outstanding premiums, refund rights and other important information. You need to read the Premium and Excess Guide carefully along with this PDS and other relevant Policy documents.

## When we agree to insure you

### Your duty of disclosure

Before you enter into an insurance contract, you have a duty under the *Insurance Contracts Act 1984* to tell us anything that you know, or could reasonably be expected to know, that may affect our decision to insure you and on what terms.

You have the same duty before you renew, extend, vary or reinstate an insurance contract.

You do not need to tell us anything that:

- reduces the risk we insure you for; or
- is common knowledge; or
- we know or should know as an insurer; or
- we waive your duty to tell us about.

### New Policy – your duty of disclosure

If we ask you questions that are relevant to our decision to insure you and on what terms, you must tell us anything that you know and that a reasonable person in the circumstances would include in answering the questions.

You have this duty until we agree to insure you.

### **Renewing your Policy - your duty of disclosure**

If we ask you questions that are relevant to our decision to insure you and on what terms, you must tell us anything that you know and that a reasonable person in the circumstances would include in answering the questions.

Also, we may give you a copy of anything you have previously told us and ask you to tell us if it has changed. If we do this, you must tell us about any change or tell us that there is no change.

If you do not tell us about a change to something you have previously told us, you will be taken to have told us that there is no change.

You have this duty until we agree to renew the contract.

### **If you do not tell us something**

If you do not tell us anything you are required to tell us, we may cancel your contract or reduce the amount we will pay you if you make a claim, or both.

If your failure to tell us is fraudulent, we may refuse to pay a claim and treat the contract as if it never existed.

### **Changes to the details you have given us**

You must tell us about any changes to the information you have given us about you, your car, the purpose you use it for, and anyone who drives it as shown in your Certificate of Insurance.

If you do not tell us about any changes, your insurance may no longer be valid, and we may refuse to pay part or all of any claim you make or require you to repay any money paid to you for your claim.

If you are not sure, but think that something might be relevant, it is better to tell us.

If any changes need to be made and we agree with them, we will send you an updated Certificate of Insurance. We will also advise you if a different premium applies.

### **Our agreement with you**

The cover your Policy provides will be available to you for the period of insurance in return for your premium.

# Your How You Drive Policy

---

Your UbiCar Insurance covers you anywhere in Australia for:

## Loss or damage to your Car

- Accidental loss and damage (including malicious damage) to your car (including by fire, theft or attempted theft),
- While it is being driven by you or your Nominated driver(s), unless the Nominated driver has other insurance covering the same loss or damage.

## Your Legal Liability

We will cover your liability for accidental damage caused to another person's property arising from an incident which involves your car, or a trailer or a caravan attached to it.

We also cover:

- The Nominated driver(s), unless the Nominated driver has other insurance covering the same liability.
- You while driving a substitute car (excluding hire cars) because your car is being repaired, serviced or has broken down.
- Any legal costs incurred in connection with any such alleged liability if we have given our written consent to those costs.

The most we will pay is \$25,000,000 for any incident.

We do not cover:

- Your liability if the property damaged is your own or is in your custody or belongs to or is in the custody of your spouse, child or other person normally living with you.
- Damage to another person's property when your car is being transported rather than being driven, including while your car is being loaded or unloaded from the means of transport.
- Loss or damage to any substitute car.
- Liability when your car is being offered for sale on your behalf by another party.

## Your Additional Benefits

We provide you with these additional benefits at no extra cost.

### Your personal belongings cover

We will pay up to \$500 in total when your clothing or personal belongings are lost, damaged or stolen in an incident covered by your Policy. We will, at our option, either:

- Repair the damage.
- Replace what is damaged.
- Make a payment to settle your claim, based on the cost of repair or replacement of your personal belongings.

We do not cover money, cheques or financial transaction cards.

### **Your new car replacement cover**

If we declare your car a total loss and:

- Less than two years have passed since it was first registered, and
  - You are the first registered owner (other than the selling dealer if your car was a new demonstration model),
- we will replace it with a new car and pay the initial on road and registration costs, provided anyone who has a financial interest in your car (of which we are aware) agrees.

The new car will be of the same make and model as your car.

If the new replacement car is not available in your state, or your car was not supplied as new in Australia, we may pay the agreed value of your car at the time it was first insured with us.

The most we will pay under the Policy (including for this cover) is the agreed value of your car. For additional information on how we settle total loss claims, please see page 20.

### **Your hire car after fire, theft or attempted theft**

When your car is not available to you as a result of fire, theft or attempted theft, we will arrange for you to be provided with a hire car.

The most we will pay for a hire car is \$75 a day for a maximum hire period of 14 days.

If a hire car is not available we will pay you an equivalent cash settlement. You can also extend your cover to include a hire car after an accident (see page 14).

The hire car will be available to you from when you reported the incident to us, until the earlier of:

- Your car is recovered or repaired and available for collection by you.
- Your car is replaced by us.
- Three days after payment has been issued to settle your claim.
- The maximum hire period is reached.

You will be responsible for payment of the deposit required by the hire car company and observing the hire car company's terms and conditions.

We will reimburse you up to \$2,000 in total for any excess or security bond you have to pay under the hire car agreement because there is loss or damage to the hire car or it causes loss or damage.

We do not cover any hire car related costs other than the standard daily hire fee.

### **Essential temporary repairs for your car**

When the damage is such that your car cannot be safely driven and you arrange for temporary repairs to make it safe, secure or roadworthy, we will pay for those repairs up to \$750.

### **Costs to complete your journey**

When the loss or damage means you cannot use your car to get you and your passengers from the scene of the incident to your home, your original destination or to a safe place, we will reimburse the costs necessary to do so up to \$500.

### **Your emergency accommodation expenses**

When the loss or damage means you cannot use your car, and you are more than 100km from your home, we will pay up to \$250 per night towards the cost of emergency accommodation for you and your passengers for up to four nights.

### **Towing your car**

When the damage is such that you cannot use your car, we will pay for the reasonable cost of towing your car and any caravan or trailer attached to it, from the scene of the incident to the nearest approved repairer or to a safe location that we choose.

### **Repair or replacement of your trailer**

We will pay up to \$2,000 for the repair or replacement of your box, garden or luggage trailer if it is stolen or damaged while in your possession or attached to your car.

### **Replacing your lost or stolen keys**

We will pay up to \$2,000 to replace the keys and locks to your car when you have been permanently deprived of your keys because they have been lost or stolen.

### **Replacement of your child car seat**

If you have a child car seat fitted to your car and your car is involved in a collision, we will cover the cost of replacing the child car seat with a new one of a similar standard, even if there is no apparent damage.

### **Accidental death benefit**

When, within 12 months of its occurrence, an incident involving the use of your car directly results in the death of its driver, we will pay \$10,000 to the deceased's estate.

We do not cover:

- Death as a result of suicide or attempted suicide.
- Death if the deceased person was driving your car without your permission.

### **Temporary cover for your new car**

When you replace your car, we will insure your new car provided:

- You tell us about your new car within 14 days of purchasing it.
- It is a car we would ordinarily insure.
- You pay us any additional premium we require.

Cover will cease for your previous car when you take delivery of your new car.

The most we will pay for loss or damage that occurs within the first 14 days following the purchase of your new car, is the purchase price of your new car less any excesses that may apply.

## Your optional benefits

For an additional premium you can add any of these optional benefits to your cover.

If you have added any optional benefits, they will be shown on your Certificate of Insurance.

### **Hire car after accident**

You can enjoy the convenience of having a hire car available to you while your car is being repaired or after being written off following any incident covered by your Policy.

This is an extension to your hire car cover after fire, theft and attempted theft (see page 11) and is subject to the terms and conditions of that cover.

### **Windscreen and window glass cover**

When your car's windscreen, sunroof or window glass is broken in an incident and this is the only damage in the incident, we will at our option, either replace or repair the broken glass (including tinted glass, window seals and mouldings) without you having to pay an excess.

This applies to one claim only in the period of insurance.

# General Exclusions

The following exclusions apply to all cover under your Policy.

# Claiming on your Policy

---

## You must co-operate with us

When you claim on your Policy, you must give us any information and co-operation we reasonably require in dealing with your claim.

You must promptly notify us and provide us with full details of the incident which led to your claim. The details we may require include:

- Name and address and other contact details (e.g. mobile and/or landline number) of anyone involved, including witnesses along with the registration numbers of any cars involved.
- Such reasonable information as we require that will allow us to identify the 'at fault' person, including at a minimum their name, car registration number and address.
- Proof of ownership for any damaged or stolen property, such as receipts, owner manuals and warranties.
- Copies of any letters, notices, court or other legal documents you receive relating to the incident or a claim.
- Receipts for expenses you have incurred that are covered under your Policy.

In addition, you (or your Nominated driver) must:

- Not admit liability for, or negotiate to settle, any claim without our written permission.
- Provide written statements if we require them.
- Attend court and give evidence if we require it.
- Make your car available to us.
- Assist us, even after we have settled your claim, in any proceedings we take to recover any money we have paid under your Policy.

We are entitled to represent you, or any other person covered under your Policy:

- In the negotiation, defence, settlement or any legal proceedings relating to a claim on your Policy.
- In any proceedings to recover any money we have paid under your Policy.

If you do not assist us as required we may:

- Reject your claim.
- Pay a reduced amount for your claim.
- Require you to repay any money paid for your claim.

## Excesses

When you make a claim you may be asked to pay an Excess. The specific Excesses that apply to your Policy and amounts payable are shown in the Premium and Excess Guide and on your Certificate of Insurance. More than one Excess may apply to your claim.

You may not have to contribute an excess towards your claim provided:

- You can satisfy us that the incident was solely the fault of the other person (not the person in charge of your car at the time of the incident).
- You provide us with such reasonable information as we require that will allow us to identify the 'at fault' person, including at a minimum their name, car registration number and address.

We will make a determination of fault after we are in possession of all the relevant facts and our determination is final and binding upon you.

Refer to the Premium and Excess Guide for more information.

## What we do when your car has been damaged

When you claim for loss or damage to your car in an incident covered under your Policy and we accept your claim, we will at our option either:

- Repair the damage.
- Replace what is damaged.
- Make a payment to settle your claim, based on the cost of repair or replacement.

We will not pay more than the agreed value of your car less any Excess that may apply.

## When we repair your car

If we choose to settle your claim by repairing your car, then we decide the best way to repair the damage.

If you make a claim and we agree to repair your car, we will arrange for a nominated repairer to fix your car.

If we arrange for a nominated repairer to fix your car we will:

- Help find a nominated repairer most convenient to you.
- Choose the most suitable repair method for the type of damage to your car.
- Manage the whole repair process on your behalf.
- Arrange for part of the repair to be carried out by a specialist service provider, if required – for example windscreen repairs.
- Require you to contribute to the costs if the repairs to your car leave it in a better condition than before the incident.

If you choose your own repairer, we will pay you for the cost of repairs, as determined by one of our nominated repairers.

We are not responsible for making sure the repairer can complete the repairs when it suits you.

We do not cover:

- Any additional costs that may result if the repairer is delayed or has problems getting parts.
- Any repairs not authorised by us.

### **Lifetime guarantee on authorised repairs**

When we arrange for a nominated repairer to fix your car we guarantee the quality of the workmanship and materials authorised by us for the life of your car whilst you own it, in addition to any other rights you may have. If you wish to make a claim on this guarantee, please contact us with details, including any costs you incur in making the claim.

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

### **We pay for storage**

If we have decided to repair your car and we require it to be held in storage until the repair can commence, we will pay the storage cost.

## **The parts we use**

The parts we use in the repair of your car are covered under our repair guarantee.

To restore your car to its condition immediately before the incident, we will use parts consistent with your car's age, condition and warranty period and:

- If your car is 2 years old or under we will use genuine new parts to repair your car.
- If your car is 3 years or older we will use genuine new parts or quality recycled parts.
- Regardless of your car's age, we may use non-genuine parts for the replacement of windscreens, window glass, sunroofs, radiators and air conditioning components.

If replacement parts are not available, we will pay you what it would have cost us to repair your car had the parts been available.

### **When we declare your car a total loss**

We will declare your car a total loss when either:

- We decide that the damage to your car is such that it would not be safe or economical to repair.
- It was stolen and not recovered.

If your car is a total loss, we will either:

- Pay you the agreed value of your car less any applicable excess.
- Replace your car, if you are entitled to this under our new car replacement cover (see page 11).

When we settle a total loss claim:

- We will deduct, or you must pay us:
  - » Any Excess(es) that may apply.
  - » Any unpaid premium (including any remaining instalment payments based on the full annual premium of your Policy).
  - » The value of the unused portion of your car's registration. You can claim this from your state's Road Transport Authority.
  - » Any applicable government taxes and charges (e.g. GST) calculated up until the end of your Policy period.
- Anyone who has a financial interest in your car (of which we are aware) will be paid first and you will be paid the balance.
- Your car becomes our property, your Policy comes to an end and there is no refund of any portion of your premium.

### **About your car's agreed value**

We determine your car's agreed value with you at the commencement of your cover and review it at the beginning of each subsequent period of insurance. The agreed value is shown on your Certificate of Insurance and while it may change at renewal, it does not change during the period of insurance.

Except where a different limit is shown in your Policy for the item of cover, the most we will pay is the agreed value shown in your Certificate of Insurance less any applicable Excesses.

Some items of cover have their own limits. Where that limit is less than the agreed value, the item limit is the most that we will pay for that item.

# Other Important Information

---

## Automatic renewal terms

We may automatically renew your Policy on the renewal date. If we plan to automatically renew, we will let you know we intend to do this before your cover ends and send you details of the renewal terms and premium. If you do not want us to automatically renew your Policy, you will need to let us know before the renewal date. Each renewal is a separate policy, not an extension of the prior policy.

## Goods and Service Tax (GST) and Input Tax Credit Entitlement (ITCE)

Your Policy, the amounts insured and the premium that you pay are subject to GST.

You may be able to claim an ITCE for the GST that you pay on the premium for your Policy. Please advise us of your ITCE when you make a claim on your Policy. If you are eligible to claim an ITCE, we will deduct this amount from any payment we make to you.

We recommend that you seek advice from a financial advisor if you are unsure about the tax implications of your Policy.

## Cooling off period

If you change your mind within 14 days of buying your Policy, you can cancel it and receive a full refund. However, this doesn't apply if you've made or are entitled to make a claim.

After the cooling off period ends, you still have the right to cancel your Policy. However, we may deduct some costs from any refund, as set out in the PDS under 'Cancelling your Policy'.

To cancel your Policy within the cooling-off period, you can contact us on 1300 824 227, or by email at [insurance@ubicar.com.au](mailto:insurance@ubicar.com.au).

## Cancelling your Policy

### Cancellation by you at any time

You can cancel your policy at any time. To do so, please notify us so we can stop your automated payments.

### Cancellation by us

We may cancel the policy where permitted by relevant law. If we cancel your policy, we will advise you in writing.

### Refund rights on cancellation

If the policy is cancelled outside the cooling off period we will only refund premium and other amounts paid in accordance with the terms of the Premium and Excess Guide.
